David Perez

269 NW 7TH Street, Miami, Fl, 33136
Phone: (786)-208-1813 | **Email:** alexxdav97@gmail.com

Web developer obsessed with coding things from scratch and bringing ideas to life in the browser.

#Skills

Front-End	Back End	Source Control	Frameworks
JavaScript ES6 / jQuery	REST / SQL	Git (Git Flow)	React / Redux
CSS / SASS / Materialize	Apache	GitHub	Express
CSS Grids / Flexbox	PostgreSQL		
HTML / XHTML			
Webpack			

#Projects
All Projects available on my Portfolio page and GitHub.

SmartBrain App / Demo - Code
Responsive App built using an image recognition API that returns the coordinates of where a face appears based on the image provided. React handles the front-end, while Node, Express and PostgreSQL handles the back-end.

Natours / Demo – Code
Landing page for a fictional company that offers tours in the nature, built using modern CSS/Sass techniques, animated cards and background videos, all from scratch without a single line of JavaScript.

Nexter / Demo – Code
Landing page for a fictional company that sells luxury homes, built using new CSS Grids, cards and image galleries.

Trillo / Demo - Code
Build a user interface for a fictional all in one booking app, using Flexbox, SVGs, image resizing and handling.

#Professional Experience

Virgin Voyages / Web Developer
November 2019 - Current
↳ Maintained the current website and added more appealing features.
↳ Redesigned sections of the website to ensure a more attractive and user friendly experience.
↳ Designed custom style formats for internal use in vessel and cruise.
↳ Demonstrated the ability to work diligently under pressure to meet deadlines
↳ Improved coding of CSS and JavaScript to enhance functionality and user experience.

South Beach Group / Lead Server
January 2019 – November 2019
↳ Explain various dishes on the menu to patrons, as well as the daily specials of the restaurant and make recommendations
↳ Ensure simultaneous preparation of all orders for a single table and serve in a professional manner.
↳ Describe meal constituents and cooking methods to patrons.

Armani Exchange / Sales Executive
August 2018 - January 2019
↳ Assess clients' needs by listening to their cues and recommending products that fit their personal style.

↳ Sell productively while meeting or exceeding the minimum sales per hour goal set as per company policy.

↳ Work collectively as a team to create a shopping experience that exceeds the client's expectation.

Petróleos de Venezuela (PDVSA) / System Analyst

April 2016 - July 2018: Caracas, Venezuela

↳ Design a FAQ-like system based on documented solved cases, processes and infotypes

↳ Design and build a database to store all documentation about infotypes.

↳ Implement computer system requirements by defining and analyzing system problems;

↳ designing and testing standards and solutions.

#Education

Udemy / React, Redux, Hooks, GraphQL by Andrei Neagoie (Current)
Course designed to further improve the knowledge in React by building a massive e-commerce app using React, Redux, React Hooks, React Router, GraphQL, Context API, Firebase, Redux-Saga, Stripe + more.

Udemy / Advanced CSS and Sass
Learn complex CSS animations, advanced responsive design techniques, flexbox layouts, Sass, CSS architecture, fundamental CSS concepts, and CSS grids.

Udemy / Zero to Mastery by Andrei Neagoie
Course designed to teach all the new technologies available to become a full-stack developer in 2019, by using Machine Learning, Restful APIs and JavaScript's frameworks like React / Redux.

FreeCodeCamp.com / Front-End Development
Learning the basics skills to develop web responsive pages and the technologies needed to do so.

Alejandro de Humboldt University / Software Engineer
January 2016 – July 2018 (2 years completed): Caracas, Venezuela
